## Goals:

1. Students will be able to understand the difference between nouns, verbs and adjectives.
2. Students will be able to put the vocabulary words into categories correctly.
3. Students will be able to write each vocabulary word correctly in a sentence based on the color of the flashcard.

## Instructions:

1. Create flashcards with appropriate vocabulary words on them.
2. Describe that each color of the flashcards represents a different category (nouns, pronouns, verbs and adjectives).
  - a. Yellow-Nouns
  - b. Red-Verbs
  - c. Blue- Adjectives
3. Go over the definitions for nouns, verbs, and adjectives.
4. Tell the students that they will go through the flashcards and write a sentence using that word.
  - a. They should also write above the sentence if it is a noun, verb, or adjective.
5. Students will then complete the Nouns Verbs Adjectives Sort Worksheet that can be found on EasyTeaching.net, or using this link: <https://easyteaching.net/literacy-resources/writing-resources/grammar-resources/parts-of-speech/>
